## Medical Discovery

OF THE AGE  
MR. KENNEDY, OF ROXBURY,  
HAS DISCOVERED in one of our com-  
mon pasture weeds, a remedy that cures  
every kind of Humors, from the Scrofula  
down to the common Pimple.  
He has tried it in over eleven hundred cases,  
and never failed except in two cases, both  
under humors. He has now in possession  
of two hundred certificates of its value, all  
within twenty miles of Boston.  
Two bottles are warranted to cure a nu-  
merous month.  
One to three bottles will cure the worst  
kind of pimples on the face.

Two bottles are warranted to cure the first cranker in the mouth or stomach.  
Three to five bottles are warranted to cure the first outbreak of erysipelas.  
One to two bottles are warranted to cure lameness in the eyes.  
Two bottles are warranted to cure itching of the ears and blotches among the hair.  
Four or six bottles are warranted to cure erupt and running ulcers.  
One bottle will cure scaly eruptions of the face.  
Two or three bottles are warranted to cure the worst case of ringworm.  
Two or three bottles are warranted to cure the most desperate case of rheumatism.  
Three or four bottles are warranted to cure salt rheum.

[illegible]

one of the best will always cure it. It gives great relief in asthma and dizziness. Some who have taken it have been restless for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature it will cause very singular feelings, but you must not be alarmed, they always disappear from four days to a week. There is no real harm result from it, on the contrary, when that feeling is gone, you will feel yourself like a new person. I hear some of the most extravagant eunuchs of our time say that they have heard of it that ever man listened to.

PROFESSOR WOODS  
**HAIR RESTORATIVE !**  
It has worked Miracles.  
THAT all Bald and Grey can be restored per-  
fectly to original growth and color so far as  
their locks are concerned does not admit of  
doubt; besides it will cure every possible dis-  
ease of the scalp, and is also declared as a  
drug, itching or in the shape of cutaneous eruptions— even scald-head, and in no possible case  
will it fail of curing as if by magic, nervous  
periodical headache, and if used twice a week

MISS. O. S. WOOD & Co.  
GENTS.—Yours of the 13th came duly to hand. Enclosed please find thirty-eight dollars to balance the amount for hair restorative. I have sold all I could. If you choose you may send a dozen bottles hair restorative to the same address as before. It worked wonders in the place I used. I sent you a box of hair restorative. I sold a man six 1/2 bottles, that was bald, and it fetched new hair out all over his head.

Yours truly,  
M. D. GRIDLEY.  
C. R. R. Office, Vandalia, June 21, 1854.

PROFESSOR WOOD.  
Dear Sir:—I take pleasure in bearing voluntary testimony of the excellence of your hair restorative. Three months ago my hair was very grey. It is now a dark brown, (the original color) smooth and glossy. The only an-

Respectfully yours, EDW. WOLCOTT  
Vincennes, Ia. June 21, 1888.

PROF. O. J. WOOD: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state for whomsoever you may care to send a sample, that I know of no other formulae than that I have for you, and which has been in the hands of sundry other Hair Restoratives and that I find yours vastly superior to any other I know. It entirely changes the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, and giving it a life, without coloring the hands that apply it, the dress on which it drops. I would therefore recommend its use to every one desirous of hair

PROF. WOOD—(Mr. Lusk, about 19, Boston) and read your recently discovered Hair Restorative, and as you request my opinion on the matter, I will state, that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative it resumed its original color, and since its application all dandruff has been removed, and the scalp is healthy. I feel inclined with no disagreeable itching of the scalp. I am satisfied that those who use it, will not regret it, as it gives the appearance of having been recently used. I am prepared therefore to recommend its use to all who are desirous of having a beautiful head of hair.

W. H. STEARNS

PROF. WOOD—Dear Sir:—My Hair has been for several years, been becoming prematurely grey, accompanied by a harshness which rendered

that condition; and having continued its use till within the last three weeks, it has turned its natural color and assumed a softness and lustre greatly preferred to those produced by the application of oils or any other application whatsoever. I regard it as an indispensable article in my toilet, and I shall continue to use it as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have my permission to refer to me all who entertain any doubt of its performing all the claims made for it. I am, Sir, GENTLY, &c.

...falling off; he became stout and glossy, and ceased falling; the dandruff disappeared, and the hair fell out the disagreeable itching soon went away; before, and now, I not only look but feel young again.

These disturbances were caused by a contest between Khechuywa and Umhlati, two sons of the paramount Chief Zaka. On the 22nd December, the latter was defeated with immense slaughter. The victorious Khechuywa, at the end of the day, divided his army into three sections, and with these he proceeded to the interior, putting to death not only the enemies, but all the Zulus who came into his way.**

THE GREATEST  
Medical Discovery

OF THE AGE!  
MR. KENNEDY, OF HOXBURY,  
HAS discovered in one of our com-  
mon pasture weeds, a remedy that cures  
Every kind of *Itch*, *From the Scars of*  
diseases to the common *Pimple*.  
He has tried it on over eleven hundred cases,  
and never failed except in two cases, both  
thunder Huron. He has now in possession  
of over two hundred cases of its value, and  
will send it, free of miles of Boston.  
Two bottles are warranted to cure a burning  
nose smooth.  
One to three bottles will cure the worst  
kind of pimples on the face.  
One or three bottles will clear the system  
of bile.  
Two bottles are warranted to cure the  
worst cancer in the mouth or stomach.  
Three to five bottles are warranted to cure  
the worst case of erysipelas.  
One to two bottles are warranted to cure  
all humor in the eyes.  
Two bottles are warranted to cure running

of the ears and blotches among the hair.  
Four or six bottles are warranted to cure  
corrupted and running ulcers.  
One bottle will cure scaly eruptions of the  
skin.  
Two or three bottles are warranted to cure  
the worst case of ringworm.  
Three or five bottles are warranted to cure  
the most desperate case of rheumatism.  
Three or four bottles are warranted to cure  
scab salivum.  
Five or eight bottles will cure the fire  
break of scabies.  
A benefit is always experienced from  
first bottle, and a perfect cure is warranted  
when the above quantity is taken.  
This medicine looks so improbable to those  
who have not tried it, that I have been obliged  
to say of it, that a common weed grows  
in the pastures and along old stone walls  
should cure every human in the system; it  
is a dead leaf. If you have a human in  
you to treat, try it. The result will be  
no laws, about it, nothing some raves  
not yours. I peddled over a thousand

tion of it in the vicinity of Boston. I have  
the effects of it in every case. It has al-  
ways done the most good in New England,  
Massachusetts. I gave it to children a  
do, to people of sixty. I have seen poor,  
worn-looking children, whose flesh was  
soft and flabby, restored to a perfect sta-  
tion by one bottle.

To those who are subject to a sick  
ache one bottle will always cure it. It  
greatly relieves catarrhs and diarrhoeas,  
who have taken it have been entire-  
ly cured, and have been regulated by it. V  
It is a singular medicine, and I know  
where there is any derangement of the  
feelings of nature it will cause very dis-  
turbances, but you must not be alarmed,  
always disappear from four days to a  
week. There is never a bad result from it;  
and when you feel that you are becom-  
ing yourself like a new person, you are  
one of the most extravagant economies  
that ever man listened to.

 Dear Sir, I take pleasure in bearing  
 testimony of the excellence of your

 had a smooth skin, and my complexion  
 I have made to it has been the

 to retire, and your hair recently dis-

many concern that I have used, and others to make it—that I have for several years been in the habit of using other. Hairdressers and those who know me will tell you how much I like it. It entirely cures my head of dandruff, and with one month's use, will restore any person's hair to its youthful color and texture, and giving it the softness and pliability of silk without dissolving the strands that support the dress on which it drops. I would therefore recommend its use to every one desirous of having fine color and texture to their hair.

St Louis, June 29,

PROF. WOOD: As you are about to publish your recently discovered Hair Restorative, as you remark, "I am sure it will state, that my hair was, a few months very grey, and after using two bottles of Hair Restorative it resumed its original color and became as applicable to the hair as before." From my head, and I have become free from disagreeable itching of the scalp, and I am satisfied that those who use it, will

profit as it gives the user a  
recommendation to use all who are desir-  
ing a beautiful head of hair.

I am, sir, yours, etc., J. L. Sease,  
P.O. Box 200, Erie, Pa.

For several years, I have been becoming premen-  
strual, accompanied by a hardness which  
the constant application of oil has not  
been able to remove. I have used  
Hair Restorative, about two months ago  
in that condition; and having continued  
till within the last three weeks, it has taken  
its normal condition, and I am  
greatly preferred to those produced  
by application of oils or any other applica-  
tion ever used. I regard this as an indisput-  
able fact for every intelligent person  
desiring a permanent restoration for the  
purpose of dressing or beautifying their  
hair. You have my permission to refer to me  
whenever you desire, and I performing all  
entertain any doubt of its performing all  
the above mentioned conditions.

two bottles; and it soon began to tell  
the difference to the hair on my mother,  
the hair which was before dry and hard,

ceased falling; the dandruff disappeared  
the scalp felt like the disagreeable itching

those of it in the vicinity of Boston. I know the effects of it in every case. It has almost done some of the greatest cures ever done in Massachusetts. I gave it to children in the most violent cases of whooping cough, and my worn-looking children were soon put in a healthy and happy condition. I have tried it on a cold and dabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache one bottle will always cure it. It gives relief in all cases of indigestion, and to those who have taken it have been cured in a few years, and have been regulated by it. [illegible]

I am so glad that those who use it, will not regret it, as it gives the appearance of hair being recently added. I am prepared there will be no more of those who are disappointed in having a beautiful head of hair.

I am, sir, yours, &c. J. H. SEWELL

**PROF. WOODS.**—Dear Sir:—My hair has for several years become bald, and has been accompanied by a hardness which rendered the constant application of U. necessary in dressing it. When I commenced using your Hair Restorative, about two months ago, I felt that I was regaining my hair, and in fact, till within the last three weeks, it has turned its natural color and assumed a softness and was greatly preferred to those produced by the application of oil or pomade. I have not yet been able to use it, I regard it as an indispensable article for every ladies toilet whether to use as a Hair Restorative or for the slight purpose of dressing or of styling the hair. I am, Sir, very truly, Yours, &c. I am the proprietor of this preparation to prove to all the necessity of its use.

I am, Sir, yours, &c. J. H. SEWELL

is claimed for it. MBS. C. 874 MON

**PROF. J. WOOD:** Allow me to attest virtues and magic powers of your Hair Restorative. Three months since being exceedingly dry, I purchased and soon commenced to use the same, and it soon began to tell for me, the silver locks to their native color, the hair which was before dry and harsh falling off, now became soft and glossy, and the scalp itched no more. I have now the scalp lost all the disagreeable itching and itching before, and now, I not only look feeling young again.
